Discussion: Key Concepts, Quotes, Revelations, Highlights –

Explanation of Scrum

1. Role of product owner, scrum master, where does the project manager fit?

2. Coordinating multiple scrum teams

Change to interface with business stakeholders

3. Get things faster is one benefit of agile methods, but the real reason to become more agile is to deliver more valuable thing first. Get feedback to improve or change future work and to create more happiness for workers

Remaining Puzzles, Recommendations, Next Steps –

- What is the benefit of agile certification?
